# **DANi Teen & Young Adult Training Solution**

Product Narrative
Evolving from our full body KERi manikin, DANi is an advanced training solution designed to support training on the fundamentals of nursing and EMS procedures for issues relating to drug abuse, sexual assault, mental health, or self-harm. DANi accurately reproduces scenarios and challenging dynamics for learners to administer critical care for this important patient demographic.

Target Users
Crime and sexual abuse investigators, paramedics,
emergency medical services, emergency room physicians,
nurses, social workers and first responders.

- Training Curricula

   Basic Life Support (BLS)
