Lock System Choices

Choose the lock system that best meets the environment's specific needs.

AutoLock™ Automatic Relocking System

Automatically secures a motionless unlocked medication cart with a user-defined relock time delay from 1-99 minutes. The system also permits the use of up to 5,000 individual user codes.

Keyless Access with Manual Relocking

Simply enter a 4-digit access code, push down the lock lever and the cart is ready for access. To secure the medication cart, push in the lock lever. Clear visual indication of lock status is apparent from a distance.

Key Access with Manual Relocking (standard)

Featuring the Best® Core Removable Lock System, this basic yet proven lock system provides your medication cart with the flexibility to change keys simply and easily. *Standard on Avalo carts.*
