**ALD**  
ARM-MOUNTED LUMINAIRE

## ALD – PRACTICAL AND FUNCTIONAL

The ALD arm-mounted task light impresses with the latest LED technology, as well as its 3D head joint and strong anodized aluminum arm for precise positioning capabilities. The conveniently placed touch-panel allows for on/off or continuous dimming, and the glare-free, specially-designed lens, helps to ensure ergonomic comfort.

The ALD also features a color temperature of 5000 K and CRI of Ra>80 for meeting the high-precision standards of inspection applications, assembly area activities or other shift work requiring long hours.

- Premium LED technology
- Ergonomic design with 3D head joint
- Color Rendering Index (CRI) >80
- 5000 K color temperature
- Touch panel: on/off and dimming
- Continuously dimmable 100% to 10%
- Strong anodized aluminum arm and polycarbonate lens
- Includes table clamp (0 – 2.7 inch span)
- Includes 10 foot cable with plug
- ETL/cETL approved

### MOUNTING OPTIONS

Table Clamp  
(included)
