Advantages

☑ **Weighs Infants and Toddlers**
Dual-purpose scale can be used with the infant weighing tray or toddler step-on platform.

☑ **Weight Hold**
Weight value is held on the display so caregiver can attend to patient before recording the weight.

☑ **Imperial and Metric Measurement**
Offers users the opportunity to weigh patients in whichever unit is required.

☑ **Built-In Connection Port for eBABYHR**
Digital baby height rod simply snaps onto the scale for a comprehensive weighing and measuring device.

☑ **Removable Tray**
The removable tray makes it easy to clean the device.

☑ **Tare Function**
Conveniently subtracts the weight of a blanket or diaper from the patient's weight.

☑ **Easy to Use**
Lightweight and portable with simple functionality and easy to read digital display.
